

Customized Art for Your Team? No Problem!

Clothing giant H&M wanted to bring together team members virtually from around the country! MH3 took the team's pulse before and after painting with Studio 928 noting a 37% increase in happiness.

McDonald's wanted their design studio to take a break, so we took over to create an original design for this iconic fast food team. This time MH3 measured a 47% increase and a 51% reduction in stress!

Bringing on Reddit interns was no problem when Studio 928 created this Snootern to break the ice with this international virtual painting experience.

ELEPHANTS CAN BE BLUE!

What if I told you...

you could energize your team with a dynamic team-building activity like acrylic painting, designed not only to foster creativity but also to tackle your company's toughest challenges. Picture your team generating fresh ideas and bonding while having a blast.

TEAM BUILDING Powered By ART

Clients

Studio 928, MH3 & You

Our art-based experiences are designed to not only create a fun team-building event, but to lay the foundation for long term solutions aimed at employee well-being, employee retention and helping you to keep a finger on the pulse of the organization as a whole.

INNOVATIVE DESIGN

We meet with you to design an art-based program and imagery to support team interaction and heightened creativity.

CONNECTING & CREATING

Our topic-themed art-based activities draw on the innate desire to create, connecting colleagues through the shared therapy of art while actually teaching traditional art techniques!

ACTIONABLE END RESULTS

We have helped teams find their strongest assets and propel them forward. The best part is that new ideas are TEAM created bringing everyone together with a sense of unity and common goals.

Why Blue Elephants?

Inspired by a former student's rediscovery of art at Studio 928 with Creative in Chief, Cheryl Vargas, this program breaks down creativity barriers. Vargas' journey of overcoming skepticism about art education highlights its goal: empowering participants to use art for innovative problem-solving in business.

Through personal stories and interactive art activities, attendees are encouraged to embrace creativity and rethink limits.

Studio 928

About Studio 928

Since 2018, we've been delighting corporate teams by creating a space where employees feel valued and appreciated. We provide an intimate, private setting where teams can bond over shared meals, unleash their creativity through art, and connect on a personal level.

MH3

Studio 928 is amplifying the Power of ART through our data-driven collaboration with MH3! Our art-based events offer the unique option to measure your teams' mood and well-being providing real-time insights to implement positive change, truly demonstrating the Power of Art.

Studio 928 boasts 2600 s.f. of event space to call your own for an afternoon of team building and networking!
